

TPP COVID-19 Golden Rules Delta Alert Level 2

Everyone can return to work and school – but there are rules to follow.

- **Use the NZ COVID Tracer app** to scan in everywhere you go – QR codes are posted at campus entrances and also for the specific areas you visit. Use them all.
- **Wear a face covering** when you're out and about – they are mandatory in communal areas such as the library, café, staff room, atrium and reception, and strongly recommended at all other campus locations including classrooms.
- **Unwell?** If you have cold or flu symptoms, isolate immediately and get a test – let your tutor or manager know straight away.
- **Physical distancing of 1m** is required at all times on campus – and stay 2m away from anyone you don't know.
- **Avoid congregating** outside staff rooms, tea rooms, toilets while you wait.
- **No external visitors are allowed** on campus except pre-approved maintenance contractors.
- **Stick to safe hygiene practices** – cough or sneeze into your elbow and keep your distance.
- **All campus common areas are closed** – this includes the atrium (other than for passing through).
- **Staff and tea rooms are open for takeaway only** – use and wash your own dishes and it's one-in one-out.
- **The Greymouth campus café** will follow normal Covid-19 hospitality rules.

IMPORTANT MESSAGE !!

If you're not sure whether you're allowed to do something, the best advice is: don't do it. We want to keep things as simple as possible, follow the rules and do your part to stamp out the virus. COVID-19 is still out there. Play it safe.
